## 1.9 Status meeting.

There will be held a status meeting during the championships. Time and place will be announced. One of the things that will be on the agenda is the question regarding a new Nordic schedule. The Swedish proposal, drawn by Bo Hansson, is attached to this bulletin. We hope that a lot of questions/comments regarding the proposal can be raised at the official web-forum at [www.f3a.se](http://www.f3a.se). If you have anything you would like to discuss at the status meeting, please send the organizers a mail so that they can put it on the agenda.
